Dimmer

65%
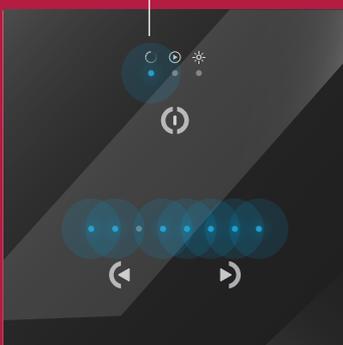

Pressing previous and next
simultanouesly will reset dimmer/color

COLOR MODE
Holding the left or right button allows for direct access to any color. A single touch gives access to the basic colors. Pressing the 2 arrows at the same time will return to the default color.

SCENE MODE
The left and right buttons allow you to change the current scene. A scene can be static (one step) or dynamic (several steps with fade/hold time)
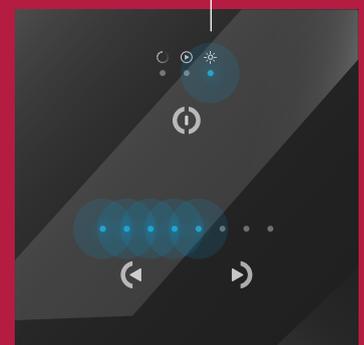

DIMMER MODE
The left and right buttons can be used to change the brightness. Pressing the 2 arrows simultaneously will reset to the default level.
